

## AccuCount

*Tablet and capsule counter and integrated pharmacy scale*

- » Precisely weighs tablets and capsules in seconds
- » Pharmacy compounding scale
- » 610 gram capacity with 1 mg readability
- » Product is dispensed directly into the patient vial
- » 7,500 product capacity, pre-loaded with over 4,000 Canadian medications
- » Upgrading for new drug weights takes only seconds

### RxCheck

- » Verification of stock-bottle bar code against customer prescription bar code confirms dispensing of correct medication
- » Informs operator of correct match or non-match

### Designed for the retail pharmacy

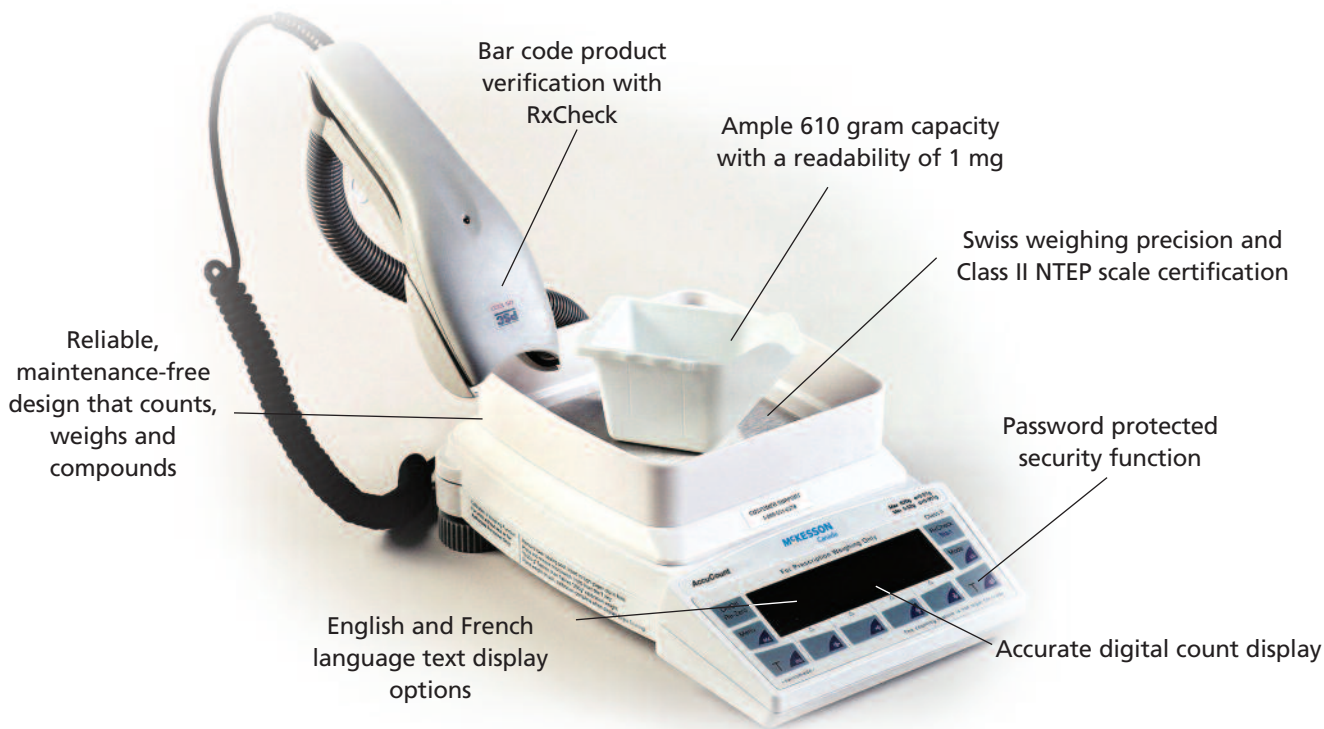

- » State-of-the-art maintenance-free Swiss technology
- » Digital counting display, English and French language text display options
- » Compact design, occupies less than one square foot
- » Integrates with all other McKesson APS solutions

*The AccuCount is part of a scaleable solution that will grow with you along with the needs of your pharmacy.*
